Reverse 25/CENTS/1870 on three lines, within a wreath of cotton and corn. STANDARD, above. The obverse has impressions of the reverse dies and the reverse has impressions of the obverse die. This was caused by the dies accidentally coming in contact without a planchet being in the dies at the time of striking. The pattern was struck after the dies became injured and Judd 900 is R-6 . . . but in this state, probably should be R.8. Proof — —
 - 1071 1870 Quarter. Reverse design of a 1840 quarter. Judd 888 or 900. Muled with a TWO CENT design. Planchet is defective as issued, said to be made of Michigan ore of silver and copper. Exceedingly rare \$300.00

NUMISMATIC MINT ERRORS

- 1083 1867 Indian Cent. Double struck. Second striking off center in Kolt 8 position, showing 5 full feathers and the tips of 2 additional ones. A second set of letters OF AME appears on the second strike. Fine and a very scarce coin. Should bring close to \$100.00 or even more, due to the fact that not only is this a double struck off center error, but one must consider the rarity of the date — —
-
- 1084 1959 Lincoln Cent, struck on a Foreign planchet. Metal appears to be copper-nickel. (Definitely not silver as consignor had this noted). We have not had time to go into the research of this coin, but a good guess would be Costa Rica. Weak struck as it should be for a true mint error of this type. Edge has been filed which is not detrimental for a mint error. Far rarer than the silver cent errors, which bring anywhere from \$60.00 to \$150.00 when offered — —
-

Nickel Struck On A Steel Cent Planchet

- 1085 1943-S Jefferson nickel struck on a steel and Cent planchet of the 1943 series. This is one of the probably not over 6 known, to exist. The original owner had this encased in a plastic holder with wording "Offered at \$1,200.00". Very rare. Naturally smaller in size than the regular nickel and a trifle dark with a few spots on reverse, which is characteristic of this type metal — —

- 1086 A regular dated 1952-D struck dime, then by error re-struck in the Lincoln Cent dies. Very scarce and a very desirable mint error. Both the dime and cent impressions show clearly. Should exceed \$250.00

1961-D Half Dollar Struck On A Quarter Dollar Planchet

- 1087 1961-D Half Dollar struck on a quarter dollar planchet. Uncirculated and well centered. Possibly unique for this date. First we have heard of. Of all the different dates and mintmarks of this type, there is possibly not over 25 pieces known. Estimate value . . . \$100.00

CLEVELAND CONSIGNMENT

I finally persuaded one of my good friends to include his collection in my auction, but since it was a last minute consignment, I was forced to pick out only a few for this sale. The balance will be included in one of my forthcoming sales (it will be a humdinger).

TYPE SET 2½ GOLD

- 1650 **\$2½ 1798 13 STARS** (6 left - 7 right) and 13 STARS Reverse, the **EXCEEDINGLY RARE 5 BERRY** Reverse Die. The standard catalogue has a separate listing for the "ordinary" 4 berry reverse and one for the **EXCEEDINGLY RARE 5 BERRY** Reverse (the guidebook lists the 4 berry and 5 berry 1805 dimes - then why doesn't it list this? Guidebook editor please take note). The standard catalogue doesn't even price the 5 berry reverse but only has "EX. RARE" (checked around and was told only "about 5 or 6 are known" - "about the same number known as the 1841 \$2½). I saw an 1841 in extremely fine condition recently advertised for \$15,000.00. Couldn't find any recent record for this though. The "ordinary" 1798 is **VERY RARE** and is listed in the guidebook for only \$800.00 less than the 1796. Then how much more is this **EXCEEDINGLY RARE 5 BERRY** Reverse worth? \$7,500.00 or the same as the 1841, \$15,000.00? This is **UNCIRCULATED WITH PROOF SURFACE**. What more can you want in a coin? Rarity and condition. — —
- 1651 **\$2½ 1802 CHANGE IN OBERVERSE TO 8 x 5 STARS**. The guidebook lists only 1802 over 1 but this coin **DOES NOT SHOW ANY TRACE OF THE 1**. I am informed that an extra fine 1802 over 1 was at the Kansas City Convention (middle November) for \$1,250.00. This 1802 **WITHOUT 1** is just about **UNCIRCULATED** (faint rubbing on check) and if it were 1802/1, I'd say it was a \$1,500.00 coin. Since it appears to be 1802 **PLAIN DATE**, I'd say it should **AT LEAST** be worth \$2,500.00.
- 1652 **\$2½ 1804 14 STAR REVERSE, ERROR DIE**, a nice coin showing only slight wear (the type generally called "about uncirculated"). It is my understanding that the reverse die for dimes of this year was also used for the \$2½ Gold. The 1804 dime is listed in the guidebook with the regular 13 stars on reverse and **ALSO WITH THE 14 STAR ERROR REVERSE**. Evidently, someone must have picked up the 1804 14 star error reverse in a hurry and struck a few \$2½ before it was noticed. Why does the guidebook list the 1804 10c with 13 and 14 star reverse and not the \$2½ Gold? The only record recent enough to mean anything was at the Michigan State Auction in Detroit over a year ago in November, 1960. Even then, when catalog listing for the regular 1804 \$2½ was only a little more than half of what it is today (the present value listing is about a year old as records and recommendations for price changes are assembled in January and February) it sold for \$2,500.00. If this **GREAT RARITY** were in my stock, I'd ask at least \$5,000.00.
- 1653 **\$2½ 1834 NEW TYPE, NO MOTTO** mounted in plastic with "\$2½ GOLD, 1834 SMALL HEAD, BRILLIANT PROOF, VERY RARE" lettering in gold. Owner said he bought it from a large dealer. It is certainly an unusually nice coin with **HIGH RAISED RIM AROUND BOTH SIDES** and **PROOF** surface. Owner paid \$950.00.
- 1654 **\$2½ 1839-C MINT MARK** Between Date and Bust on obverse, Uncirculated, although there is a wee bit of rubbing in the field. Mounted in plastic with "\$2.50 1839/38-C, Charlotte Mint" lettering. The catalog does not list 1839/38-C overdate but only has 1839-C. One like this without the overdate sell upwards of \$200.00. Should sell not far from \$300.00.

GOLD TYPE SETS

- 1655 **\$2½ 1843-D NEW SMALL HEAD**, small date as used only from 1840 to 1843, Uncirculated. A nice Dahlonga, Georgia mint coin (don't see many now, particularly this nice). \$200.00
- 1656 **\$2½ 1849 OVER 8**, Larger Date Than Above (GLASS CLEARLY SHOWS OVERDATE) only slight wear, the kind usually called "about uncirculated". Mounted in plastic with \$2.50 1849/8 OVERDATE lettering. I don't know what this is worth. \$150.00 or \$250.00
- 1657 **\$2½ 1851-O DOUBLE DATE** with first date far to left and too low (bottom of last "1" of first date quite sharp) about uncirculated (really nice). I first listed this variety in my 1954 A.N.A. Convention Sale. Had a fine one then which was knocked down at \$85.00. This should now be a "steal" for \$150.00
- 1658 **\$2½ 1907 BRILLIANT PROOF**. A real joy to own (how many have you seen without any nicks, scratches or blemishes?). The last year of the Liberty Head. The owner called it a GEM and I quite agree with him. VERY RARE. Have seen the "common" proofs (those with 50% greater number struck) sell for \$350.00. This one should then certainly be worth at least \$500.00

1848 \$2½ GOLD SET, CAL. - P-C-D

- 1659 Assembled by a collector who wanted one each of the FOUR DIFFERENT \$2½ Gold struck during the "YEAR GOLD WAS DISCOVERED IN CALIFORNIA". Mounted in plastic. \$2½ 1848 Cal. Over Eagle, 1848, 1848-C, 1848-D mounted in plastic. The set is extra fine to just about uncirculated. To illustrate how rare this set really is, the CAL. (so I am told) was priced at \$2,750.00 alone by a Western Dealer at the A.N.A. Convention in August (I suppose by now it would be \$3,500.00). The 1848 was advertised early last year at \$750.00 (suppose by now it would be \$1,000.00). The 1848-C in this condition is about a \$150.00 coin today and the 1848-D was advertised in August XF at \$165.00. This adds up to a total today of not far from \$5,000.00. I doubt if a set (if it were for sale) could be had for the \$5,000.00

TYPE SET \$5 GOLD

- 1660 **\$5 1795 SMALL EAGLE** mounted in plastic holder lettered, "\$5 GOLD, 1795, 'S' IN STATES ENGRAVED OVER 'E', Error In Die." The coin is a real beauty with PROOF SURFACE (was going to call it a PROOF but want to hold back my enthusiasm on it). It was bought from a well known dealer for \$2,500.00. If I had it in my stock today, I'd price it \$3,500.00
- 1661 **\$5 1803 OVER 2, LARGE EAGLE, BRILLIANT UNCIRCULATED**. A beautiful SECOND TYPE half eagle. This also came from a well known dealer for \$375.00. I saw one not as nice as this at the Penn-Ohio Convention in Cleveland (in October) for \$500.00
- 1662 **\$5 1807 LIBERTY FACING LEFT, ROUND CAP, SMALLER EAGLE**, Value "5D" Used for first time. IF A BETTER ONE OF THESE EXISTS, THEN I HAVEN'T SEEN IT. Everything is so sharp that you have to see this beauty in order to believe that it exists. A DREAM COIN FOR ANYONE WHO WANTS THE VERY BEST. I believe the owner "stole" this at \$500.00. It would be a "steal" now for \$750.00
- 1663 **\$5 1814 FOURTH TYPE, LARGER HEAD** mounted in plastic holder lettered, "5 GOLD, 1814 RE-ENGRAVED 'D' IN '5 D'". Close scrutiny with a glass shows traces of a 3 under the 4 in date. ANOTHER DREAM COIN. IF A BETTER ONE OF THESE EXISTS, THEN I HAVEN'T SEEN IT. FOR ANYONE WHO WANTS THE VERY BEST, THIS IS IT. The 1813 in my Penn-Ohio Sale (in October) was bid up to \$720.00 before being knocked down. This is a great deal rarer. I think it is worth \$1,000.00

GOLD TYPE SETS

- 1664 **\$5 1834** No Motto on Reverse, SMALLER SIZE, about Unc. \$55.00
- 1665 **\$5 1834 Crosslet 4**, Extra Fine. A VERY RARE COIN. \$285.00
- 1666 **\$5 1834 Re-Engraved Plain 4**, small head, the 3 also looks as if it may be re-engraved (over some other numeral?) Brilliant with PROOF SURFACE. Raised border around both sides. I feel that this should be knocked for not less than \$250.00
- 1667 **\$5 1838-D** Mint Mark BETWEEN DATE AND BUST, Uncirculated. A VERY RARE COIN \$500.00
- 1668 **\$5 1839-C** NEW TYPE, SMALLER HEAD With Coronet, MINT MARK "C" (Charlotte) BETWEEN DATE AND BUST, about fine. Rare coin. \$125.00
- 1669 **\$5 1846-D** DOUBLE "D" (Dahlonga, Georgia) Mint Mark on reverse, larger bust, date, eagle and lettering, no motto. ERROR IN DIE with first "D" cut right into the base of the eagle. The second "D" engraved over it in its proper place, a nice very fine coin. RARE. \$250.00
- 1670 **\$5 1866** MOTTO ABOVE EAGLE, About Uncirculated. This is a RARE DATE and is on quite a few want lists for the "first year of type". \$125.00
- 1671 **\$5 1929** LAST YEAR STRUCK, Uncirculated. This is the one they "all want" to complete the Indian Set. The last one I had was in the Penn-Ohio Sale (October) and it was knocked down for \$950.00. Since then I saw one advertised for \$975.00 and had "reports" that the Los Angeles and Kansas City Conventions in November each had one priced for \$1,000.00. I suppose by now (January) it will be up to \$1,100.00

TYPE SET \$10 GOLD

- 1672 **\$10 1795** SMALL EAGLE, a nice very fine, attractive coin with even wear, No nicks, scratches or bruises. Owner paid \$1,000.00 for it. I think it will now fetch \$1,300.00 or \$1,350.00
- 1673 **\$10 1801** LARGE EAGLE, UNCIRCULATED but the reverse has PROOF SURFACE. After seeing what was being peddled at the Penn-Ohio Convention in October, I can understand why the present owner paid \$1,000.00 for this beauty. I figure he's entitled to at least 10% of his investment, so it should fetch more than \$1,100.00
- 1674 **\$10 1854-O** VERY RARE LARGE DATE (see Standard Catalogue for listing) Extra Fine. The last one I had in a sale was knocked down for \$360.00. The date punches for the silver dollar were used by mistake. The date is MUCH larger than the ordinary 1854-O. The Standard Catalogue lists this as "VERY RARE" without any price. I believe this one will now be bid to \$500.00 or \$600.00
- 1675 **\$10 1866** MOTTO ABOVE EAGLE, About Uncirculated. This is a RARE DATE and is on quite a few want lists for the "first year of type". \$375.00

\$20 GOLD

- 1676 **\$20 1850** No Motto, Twenty D. on reverse, extra fine coin. Half way between very fine and uncirculated places a catalogue value on this for \$165.00
- 1677 **\$20 1855-S** Second year for San Francisco Mint, about uncirculated \$125.00
- 1678 **\$20 1861** BRILLIANT UNCIRCULATED. A REAL BEAUTY AND A CIVIL WAR COIN AT THAT. Have had some of this date before but never as nice a one that I can remember. I thought the owner paid too much at \$250.00 until I saw the coin. Now I think it is worth \$300.00

\$50 1855 ROUND WASS, MOLITOR & CO. "SLUG"

- 1679 **\$50 1855 WASS MOLITOR & CO. SAN FRANCISCO** better than most I have seen (have seen worse called "about very fine", etc.). Will call it fine even though it only has the usual tiny nicks and is free from any serious defects (as most have). These heavy soft gold coins were really "banged around" and it is surprising that any decent ones have survived. Bought about a year ago for \$2,750.00, I'd say it should now be knocked down not far from \$3,500.00

\$50 1851 OCTAGON AUGUSTUS HUMBERT

- 1680 **\$50 1851 AUGUSTUS HUMBERT UNITED STATES ASSAYER OF GOLD CALIFORNIA** around outer edge, UNITED STATES OF AMERICA FIFTY DOLLS around inner edge, eagle holding ribbon and 887 THOUS. above, geometric network reverse, about Uncirculated. Have seen worse priced at \$3,500.00

BECHTLER GEORGIA & CAROLINA GOLD

The Bechtler Dollars were the first gold dollars to circulate in the U. S.

- 1681 **\$1 ONE DOLLAR CAROLINA 28 gr. N reversed** but on this one, the correct cross-bar also shows, About Unc. and much better than most I have seen (although I haven't seen many the last year or two). Saw one advertised last fall (doesn't say if it also had the correct cross-bar showing too) for \$150.00. I'd say this nice one should go not too far from \$200.00
- 1682 **\$1 ONE DOLLAR N. CAROLINA 28 gr. WITHOUT Star**, mounted in plastic with "1 C. BECHTLER 28 GR. WITHOUT STAR NORTH CAROLINA "PRESENTATION PIECE" lettering. It certainly is a beautiful thing with a FULL PROOF SURFACE. Saw one advertised last fall "nearly Uncirculated" and called "VERY RARE" at \$795.00. This one was bought from a well known dealer for \$1,500.00. Have heard tell and even seen an occasional "PROOF" or "PRESENTATION PIECE" of Private or Territorial Gold. Believe this REALLY RARE beauty will knock down for more than \$2,000.00 and maybe even \$2,500.00
- 1683 **\$1 ONE DOLLAR N. CAROLINA 30 gr., closely reeded edge**, Uncirculated, PROOF SURFACE. Saw one advertised last fall as a "PROOF" for \$650.00
- 1684 **\$5 DOLLARS GEORGIA, 128 gr. 22 carats, RUTHERF., extra fine.** Saw one advertised last fall in "Uncirculated with slight rubbing" for \$475.00. This one now should knock down at that price or \$500.00
- 1685 **\$1 DOLLAR CAROLINA, 27 gr. 21 carats**, Uncirculated, turned reverse. Saw one advertised last fall for \$195.00. Should knock down now for \$225.00

CALIFORNIA PRIVATE & TERRITORIAL GOLD

- 1686 **\$5 1849 MOFFAT & CO. extra fine** (didn't have the heart to call it about unc. as some of the newer dealers might). Haven't seen many this nice. It is really rare in this nice condition. Bought for \$250.00 last summer. Saw one advertised last fall as "nearly uncirculated" for \$350.00
- 1687 **\$5 1850 MOFFAT & CO. very fine.** Saw an "extremely fine" one advertised at \$250.00
- 1688 **\$5 1849 NORRIS, GRIEG & NORRIS San Francisco**, plain edge, About Uncirculated and one of the NICEST I HAVE EVER SEEN. Mounted in plastic with "PRIVATE GOLD, NORRIS, GRIEG AND NORRIS San Francisco 1849. 1849 PLAIN EDGE HALF EAGLE WITHOUT ALLOY First Of The California Private Gold" lettering. Bought for \$875.00 last summer, should now be knocked down not far from \$1,000.00

GOLD

- 1689 **\$5 1849** NORRIS, GRIEG & NORRIS, reeded edge, very fine. Bought for \$595.00, should now be knocked down for \$650.00
- 1690 **\$20 1853** UNITED STATES ASSAY OFFICE Uncirculated, mounted in plastic with \$20 UNITED STATES ASSAY OFFICE 1853 900 THOUS. Re-Engraved 9 giving it appearance of being 900 OVER 800 Thous.". Cost \$975.00
- 1691 **\$20 1854** KELLOGG & CO. San Francisco, Uncirculated (slight rubbing on cheek). Heard tell of one at Kansas City Convention (November) at \$750.00
- 1692 **\$2½ 1851** SAN FRANCISCO - STATE OF CALIFORNIA, Liberty head with 13 stars, reverse SAN FRANCISCO 1851 2½ DOLLARS, PROOF. Saw one advertised in March by an Eastern dealer (his was silver and I believe this one is silver with gold plating) at \$475.00. He said ONLY 7 OR 8 PIECES KNOWN TO EXIST. "Of equal importance to other territorial patterns — the issues of the Pacific Company, Cincinnati Mining & Trading Co., etc." Listed in Adams' book on California Gold. I think this really nice one should knock down for at least \$600.00
- 1693 **1849** "MODEL" CALIFORNIA SET half eagle, dollar, half dollar and ¼ dollar mounted in plastic, Uncirculated. Listed in Adams' book on California Gold. Since they are listed in brass, I believe these are gold plated. Saw similar set advertised by a leading dealer at \$375.00. Should now knock down \$400.00

MORMON & COLORADO GOLD

- 1694 **\$5 1850** MORMON obverse (hat side) extra fine, reverse very fine around outer edge but solder in center obliterating clasped hands and date. Cost \$250.00, should now knock down for \$275.00
- 1695 **\$20 1860** CLARK GRUBER & CO. Pikes Peak Gold, view of Mountain in center with DENVER beneath, pattern in copper and gold plated, Uncirculated. Saw one advertised last fall for \$975.00
- 1696 **\$5 1861** CLARK GRUBER & CO., Uncirculated, slightly rubbed. Saw one advertised last fall for \$495.00
- 1697 **\$10 1861** CLARK-GRUBER & CO., About Uncirculated. Saw an uncirculated one advertised last fall for \$595.00
- 1698 **\$20 1861** CLARK GRUBER & CO., copper pattern, gold plated. Saw one advertised last fall, "The gold would bring around \$2,500.00, if available. This one only \$495.00." This should be worth the same or even slightly more now, \$500.00
